Předmět: Request for Confirmation of Receipt of Materials Delivered to EUDA on 25 May 2026

Dear Mr Ballotta,

I hope this message finds you well.

I am writing to follow up on the materials that were delivered on Monday, 25 May 2026, at the reception of the European Union Drugs Agency (EUDA) in Lisbon, to your attention, in accordance with your kind instructions of 22 May 2026.

The delivered materials included in particular:

- a letter addressed to Dr Lorraine Nolan concerning the current situation of Czech cannabis policy and legislation,
- materials of the Czech alliance of non-governmental organisations Cannabis is The Cure,
- information concerning the criminalisation of cannabis research, education and patients in the Czech Republic,
- documentation relating to the methodology used for THC measurement and its implications in criminal proceedings,
- and, most importantly, our submission dated 18 May 2026 requesting EUDA's attention to issues concerning cannabis analysis methodologies, legal certainty, public health and human rights implications in the Czech Republic.

Could you kindly confirm whether these materials were successfully received and forwarded to the relevant persons within EUDA?

Furthermore, we would be grateful if you could indicate when we might reasonably expect a response from EUDA, particularly regarding our submission of 18 May 2026. In that document, we raised concerns regarding the methodology used for determining THC content in cannabis, possible discrepancies with internationally recognised scientific standards and guidance, and the broader consequences of these practices for patients, scientific research and public health.

We fully understand that such matters require careful consideration. Nevertheless, after many years of unsuccessful efforts to obtain meaningful examination of these issues at the national level, any indication of the expected timeframe for EUDA's response would be greatly appreciated.

Thank you once again for your courtesy, assistance and willingness to facilitate the delivery of our materials.

I look forward to your reply.

Yours sincerely,

Mgr. Dušan Dvořák

Předmět: Re: Request for a Personal Delivery of a Letter

Dear Danilo Ballotta,

thank you very much for quick reaction, I appreciate your offer for personal meeting, unfortunately I leave Portugal on Tuesday 26.5.

I will gladly bring our material to drop it off at reception at your name's attention on Monday 25.5. as you suggest, I hope we'll be successful this time, we tried already on Wednesday 20.5. and Thursday 21.5. at Dr. Nolan's name but it was denied by security agency as a safety threat, we were told the Office accepts materials sent electronically or via Post Office only and We were denied to talk to anybody from the Office as well.

So wish us good luck on Monday.

Thank you once again,

sincerely

Dušan Dvořák

Some people who received this message don't often get email from dusandvorak@seznam.cz. Learn why this is important

Dear Dr Lorraine Nolan,

We warmly greet you on behalf of the Czech alliance of non-governmental organizations Cannabis is The Cure.

We will be in Lisbon until Tuesday, 26 May, and we would like to take this opportunity to leave for you at your office a brief symbolic letter concerning the current Czech cannabis drug policy and legislation, together with a message of our alliance.

We have been informed that it is possible to send these materials to you by post or by e-mail. However, given the long-neglected situation in this area in our country, it would be a great encouragement for us and for all those we represent if we could deliver our questions, proposals, and informations to your office personally on Monday, 25 May 2026.

Would this be possible?

Thank you very much.

Sincerely,

Dušan Dvořák
